**License No. 44SL04649700**

TO PRACTICE SOCIAL WORK  
IN THE STATE OF NEW JERSEY

Administrative Action

**SUPPLEMENTAL  
CONSENT ORDER**

This matter was opened to the New Jersey State Board of Social Work Examiners (the "Board") upon receipt of a motion by respondent Adam Malek ("respondent") to amend the Consent Order entered by the Board on June 7, 2007. Specifically, respondent seeks to remove the restrictions set forth in paragraph 4 of the Consent Order, which requires him to have weekly supervision with an on-site supervisor, with quarterly reports sent to the Board, and paragraph 8 of the Consent Order, which requires that he inform each employer of the terms of the Consent Order, and provide a copy of the Order to the his employer immediately upon his beginning employment. Paragraph 8 of the Consent

Order also requires that respondent inform the Board of any changes in employment and/or duties of employment: this aspect of the paragraph is not being contested.

The Board, having considered the materials submitted in support of the motion, including the information contained in the psychological evaluation conducted by Daniel N. Watter, Ed.D., finds that respondent, as a Licensed Social Worker ("LSW"), cannot engage in independent clinical practice and he must have supervision for any clinical services he provides, and that the Consent Order is a public document available upon request from the Board; and that if respondent reports to the Board his employment and any changes in his employment and job description, and continues the other restrictions and requirements in the Consent Order, the public health, safety and welfare is adequately protected. Respondent desiring to resolve this matter without recourse to formal proceedings and for good cause shown;

IT IS ON THIS 27<sup>th</sup> DAY OF JULY, 2011,

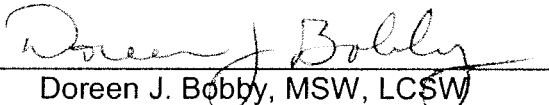

HEREBY ORDERED AND AGREED THAT:

1. Respondent shall no longer be required to comply with paragraph 4 of the June 7, 2007 Consent Order. Any clinical social work services respondent provides must be performed under appropriate supervision and in compliance with N.J.A.C. 13:44G-8.1.
2. Respondent shall no longer be required to inform his employers of the terms of the Consent Order or provide a copy of the Consent Order to each employer immediately upon beginning employment, as set forth in paragraph 8 of the Consent Order.
3. Respondent agrees to inform the Board of his place of current employment, and provide an official job description for his current position. Official job description means the description created by the employer for the position, and cannot be a

description created by respondent. Respondent further agrees to notify the Board of any change of employment, including identification of any new employer and an official job description for any new position, whether with his current employer or with a new employer.

4. The remaining restrictions set forth in the June 7, 2007 Consent Order shall remain in full force and effect, including the restriction on providing any social work services to anyone under the age of eighteen years and the requirement of continuing psychotherapy, with quarterly reports from his treating psychotherapist.
